

REDUCE YOUR IT COSTS with *Network Monitoring Services*

Central Patch Management

With our ability to centrally manage and run all patches, we ensure that your site is protected and functioning with the most recent updates.

24/7 Maintenance

Our secure, 24/7 maintenance allows all your mission-critical computers to operate at their optimal level-with minimal or no disruption to your work environment.

Online Management History

You can automatically track any and all activities performed by our technicians.

Enhanced Troubleshooting

With our ability to remote in to your computers we can see first-hand what issues you are having and promptly resolve them.

Key Benefits

- ✓ After hours maintenance
- ✓ Up-to-date virus scans
- ✓ 24 hour security monitoring
- ✓ Rapid service response time
- ✓ Immediate problem resolution
- ✓ Monitor key applications
- ✓ Minimize business disruption
- ✓ Monitor mission-critical business applications
